

DAWADAWA NO. 2

BRONG AHAFO REGION, GHANA

Evangelist Dag Heward-Mills, for many years has had a burden for the forgotten souls in remote parts of the earth.

Recently, we saw a fulfilling of that passion when the Healing Jesus Crusade visited Dawadawa Number 2. Dawadawa Number 2 is a typical African village with not more than twenty-five houses. Predominantly Islamic, the people of this village produce charcoal (burnt wood used for fuel).

The crusade was attended by thousands from surrounding villages and towns.

The entire crowd stood up on their feet when people came up for the crusade platform to testify of the healing miracles they had received.

In amazement, they watched as each one testified how Jesus had healed them.
