

NKWANTA VOLTA REGION, GHANA

The Poor Have the Gospel

When Evangelist Dag preached, everyone accepted Jesus as Lord! Healing miracles were outstanding.

A 19-year old girl from a village called Kakraka (with a population of only 150 people) stole the attention of everyone at the crusade. She had never walked from birth and had used braces on her feet and crutches to hobble around. At the crusade, she felt strength enter her legs and by faith, took off the braces, threw away her crutches and walked up the stairs to testify on stage how God had healed her

She was later found cooking in her home! The entire village gathered to thank Healing Jesus for this outstanding healing!

A Little boy who had been dumb from birth was healed. For the first time in his life he was able to say the word Jesus!

In Nkwanta, a few members of the Healing Jesus Crusade Board of Advisors were present at the crusade, medical outreach and pastors' conference.

Thank God for His great blessing in Nkwanta!
